

## **CBCS warns consumers of Questra and Atlantic Global Asset Management related entities**

The *Centrale Bank van Curaçao en Sint Maarten* (“CBCS”) warns consumers about Questra Holdings, Questra World, Atlantic Global Asset Management and related entities, since these entities are offering investment services, and are not supervised by the CBCS.

Please note that the proposed program these entities are offering has similarities with pyramid schemes. Because Questra Holdings, Questra World and Atlantic Global Asset Management do not fall under the supervision of the CBCS or under any other regulator in Curaçao and/or Sint Maarten, consumers are not legally protected and may be at a higher risk of losing their money.

For more information relative to pyramid schemes, please visit the CBCS website <http://centralbank.cw/investor-education-pyramid-schemes>
